## Selectmen's Report

Where did the time go. Doesn't seem possible that another year has gone by. And what a busy year it was. Amy Bernard resigned on April 7<sup>th</sup> and her last day was on May 2<sup>nd</sup>.

The great staff that we are so fortunate to have in the Town Office stepped up and took on extra duties to keep things moving along smoothly until we could hire a new Town Administrator.

Great job ladies. In May we also participated in the first spring clean up on the 7<sup>th</sup> and had a good turn out. We will also be participating again this year.

Gary Wight was reelected to another term as selectman in the June election and then as Chairman by the remaining board members.

Loretta Powers was hired as the new Town Administrator in June and her first day was July 11<sup>th</sup>.

We had a lot of discussion on the Newry Church and there will be a couple of warrant articles to be voted on in the upcoming town meeting.

We had heat pumps installed in the Town Office starting in September and finishing in October.

We also had new windows and siding installed in the late fall.

Once again, I would like to thank all the personnel in the Town Office for all you do. The Board of Selectmen appreciate all you do. We would like to thank all of the members of the various boards and committees whom without your dedication and hard work we would be lost.

Respectfully,

Gary Wight

Selectboard Chair

CODE ENFORCEMENT OFFICER REPORT  
Town of Newry  
2022

Hello Newry citizens and property owners.

Well, I certainly have been made to feel part of the Newry community. I joined the Fire Dept, finally toured the Newry Community Church, competed in the Tough Mountain Challenge, helped with shoveling the grange and fire station after several winter storms, watered the new lawn, and even got stuck on the local snowmobile trail and had to call some 'locals' for help (for which I will get teased endlessly in the spirit of camaraderie). I really appreciate the citizens of Newry. The local knowledge of long-standing Newry families in the area with all their historical memories, and new faces that have decided to call Newry home. The beauty of this small town is in the mountain views, sweeping valleys, walking trails and hidden waterfalls. It's also the people that make me feel very lucky to call this work environment a second home.

Now the official business.

There were 51 building permits issued - 31 were for new stick framed and modular or manufactured homes with permit total permit fees equaling \$31,924.9.

Newry has been mandated by the State since 2019 to follow the Maine Uniform Building and Energy Codes. Recently these codes were updated to the 2015 ICC codes.

The current plumbing code is the 2015 'IAPMO' Uniform Plumbing Code.

Electrical permits are handled through the State.

Some points to remember:

- ❖ Every structure, renovation or addition needs a permit in Newry.
- ❖ Building plans and cross sections are required for structures over 600 sq ft and one- or two-family dwelling units, including Tiny Homes.
- ❖ Only two unregistered cars are allowed on your property per State law.

If you have any questions, concerns or ordinance suggestions, please contact me here at the Town Office.

Joelle Corey  
Oxford Code enforcement officer and  
Local plumbing inspector #1145

## OXFORD COUNTY SHERIFF'S OFFICE

### 2022 Annual Town Report

Dear Neighbors, Residents, and Taxpayers,

As I enter my fifth year as Sheriff, I am extremely proud of the work our office has accomplished throughout our western Maine communities, and I am motivated about the momentum our office has heading into the New Year. This would not be possible without the dedicated team of men and women who have continued to serve our mission and protect our communities, with professionalism, integrity, and leadership. It is their work that keeps our agency moving forward.

As I have mentioned in previous years, our calls to service have continued to increase in volume as well as their complexity. Our patrol division handled nearly 14,000 calls to service this past year, with more calls regarding mental health concerns since 2020. This speaks to the need for state funding for services for our communities and our sheriff's departments throughout the state, to keep individuals needing help, and others around them, safe.

We have continued to improve our visibility and response times by utilizing our substations in Dixfield, Brownfield, Rumford, and Bethel. As promised, over this past year, our office successfully completed the plans to convert the jail facilities from a 72-hour holding facility back to a full-service operation. The jail received its full accreditation this past October, and with this accomplishment completed, this improvement has restored local control and has already saved taxpayers money. In 2022, our corrections officers and jail administrators processed 1,795 bookings.

We have continued our efforts to combat the opioid epidemic in Oxford County by supporting local organizations such as the Western Maine Addiction Recovery Initiative by referring eligible individuals, afflicted by substance use disorder, to Project Save ME. The program is a police-assisted initiative designed to connect those burdened by substance use disorder with recovery coaches, advocates, and other treatment services to assist them with their recovery journey.

On behalf of the deputies, correctional officers, and support staff, I want to thank and acknowledge the continued community support we have received. Our deputies and staff have gone above the call to service, and I am happy to hear and see that their work has not gone unnoticed.

As an agency, we have great opportunities ahead of us. I look forward to the work we will accomplish in the coming year. If you have any questions or concerns, please do not hesitate to contact me at 207-743-9554 or follow us on Facebook: Oxford County Sheriff's Office.

I wish you all a safe and healthy year ahead.

Respectfully,

STATE OF MAINE  
OFFICE OF THE GOVERNOR  
1 STATE HOUSE STATION  
AUGUSTA, MAINE  
04333-0001

Dear Friends:

For four years it has been my privilege to guide our great state, working with the Legislature to keep Maine people safe and put our economy on a path to recovery.

Since the arrival of the COVID-19 vaccines in December 2020, we have worked hard to get as many shots into the arms of Maine people as quickly as possible. Since the COVID-19 vaccine became available, more than a million Maine people have gotten fully vaccinated from COVID-19. It is thanks to them that our state has one of highest vaccination rates and one of the lowest death rates from COVID-19, despite having a much older population than other states. People are coming to Maine because we are one of the safest states in the nation.

Following the recommendations of the Economic Recovery Committee, our economy has not only fully recovered, but has surpassed pre-pandemic projections and unemployment claims have dropped to pre-pandemic levels. And, last year, I was pleased to sign a balanced, bipartisan budget that finally achieves the State's commitment to 55 percent education funding, fully restores revenue sharing, and expands property tax relief for Maine residents.

Maine can be proud of our nation-leading progress, but our work is far from done. Through the Maine Jobs & Recovery Plan, we will continue to address our longstanding workforce shortage, the expansion of broadband, education and job training opportunities, housing, child care, and transportation. Drawing on the hard work and resilience of Maine people, together we will rebuild our economy and rise from this unprecedented challenge a state that is stronger than ever.

In 2022, we focused on our economy, on our climate, on our kids, on keeping people safe and on the health and welfare of all Maine people. We have persevered, and, while challenges remain, we will get through them together. I am proud of the people of Maine, and I am proud to be your Governor.

Thank you,

SPECIAL COMMITTEE  
ON AGING

Dear Friends:

It is an honor to represent Maine in the U.S. Senate. I am grateful for the trust that Mainers have placed in me and welcome this opportunity to share some key accomplishments for our state.

Last year, I secured more than \$500 million for 285 projects from Aroostook County to York County that will promote job creation, workforce training, and economic development; expand access to health care; improve public safety, infrastructure, and community resources; and protect our environment. To address the crisis of soaring inflation and high energy prices, I led efforts to provide \$2 billion in supplemental funds to the Low-Income Home Energy Assistance Program. In the new Congress that begins in 2023, I expect to be the Vice Chairman of the Appropriations Committee and will continue to champion investments to support Maine's communities and families.

Strengthening our economy and supporting good jobs remain a top priority. Along with the Governor and the rest of the Maine Delegation and the associations representing the lobster industry, I worked to protect our hardworking lobstermen and women by pausing for six years the onerous federal regulations that jeopardize our lobster fishery's very existence. Another ongoing threat to Maine's small businesses is the shortage of workers. That's why I led an effort to push the Administration to nearly double the number of H-2B visas that are critical to our hospitality industry. Additionally, when the Administration proposed to cut the construction of a destroyer to be built by Bath Iron Works, I restored this funding to protect Maine jobs and our national security.

When Maine Veterans' Homes announced last year that it planned to close its facilities in Caribou and Machias, I opposed that decision which would have had such a devastating effect on rural veterans and their families. I am glad that the decision was reversed, and I have secured \$3 million to help with upgrades to these facilities. My *AUTO for Vets Act* also became law, which will help disabled veterans maintain their independence by supporting the purchase of a new adaptive vehicle once a decade.

This past year, Congress demonstrated how effective it can be on behalf of the American people when both parties work together. A few of the bipartisan achievements that I was involved in include the *Respect for Marriage Act*, which will provide certainty to millions of loving couples in same-sex marriages while protecting religious liberties, and the *Electoral Count Reform Act*, which establishes clear guidelines for our system of certifying and counting electoral votes for President and Vice President.

No one works harder than the people of Maine, and I have honored that work ethic by showing up for every vote. During my Senate service, I have cast more than 8,500 consecutive votes, never having missed one. I remain committed to doing all that I can to address your community's concerns in 2023. If I may be of assistance to you in any way, I encourage you to contact one of my six state offices.

Sincerely,

Susan M. Collins  
United States Senator

January 1, 2023

Dear Friends,

I've often thought that Maine is just one big small town connected by long roads. Well, in the past year or two, those roads have gotten steeper and bumpier as we dealt with an unprecedented pandemic and the resulting economic troubles.

As we faced the historic challenges, something impressive happened. We came together and lent a hand to our neighbors wherever we could to keep things running and spirits high.

Down in Washington, Congress tried to help Maine communities get through this struggle, so that our state would come out stronger. To do that, we put in the work and set some things into motion that are already helping Maine people. That's why you hired us, after all.

The pandemic made something we'd known for a while clear: those roads and networks that connect our big town needed repair, improvements, and expansion – from bridges to broadband. So, while Maine was uniting towards a common purpose, Congress came together to pass the *Bipartisan Infrastructure Law* – legislation that makes generational investments in physical infrastructure, broadband connections, harbors, and the energy grid. These efforts will lay the foundation for Maine's 21<sup>st</sup> century economy and make sure even the most rural areas aren't left behind.

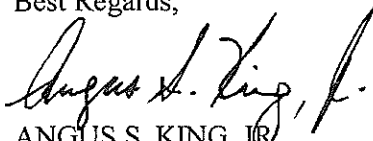

Over the last two years, as we drove up and down our state, you couldn't help but see storefronts in trouble and prices rising as the economy struggled through a global recession. And again, while you focused your efforts on getting through the difficult times, Congress took meaningful action. We passed the *American Rescue Plan* in 2021, which enabled Governor Mills and the state of Maine to better meet the health and economic difficulties of the pandemic. At a critical moment it expanded healthcare efforts to confront COVID and invested in the state to keep the economy in far better shape than most others nationwide.

Congress didn't stop there. This year, we took even more concrete steps to cut costs, create jobs, and provide more affordable, cleaner energy. The bipartisan *CHIPS Act* will bring home the manufacturing of the technical components known as "chips" that are used in everything these days – from smartphones to microwaves to cars – and in doing so reduce prices and create good American jobs. We also passed the *Inflation Reduction Act (IRA)* to lower healthcare costs, allow Medicare to negotiate drug prices, and cut energy bills with new rebates for things like heat pumps and solar panels.

Beyond these major investments, we also passed vital legislation to improve the day-to-day lives of Maine people and Americans nationwide. On a bipartisan basis, we expanded health care for veterans exposed to toxins, strengthened protections for marriage equality, supported Ukraine as it fought off a bloody Russian invasion, secured our elections and the peaceful transfer of power, and delivered millions in federal investments to projects up and down our state.

So, as Maine worked to get through hard times, Congress took steps to support our state – and we're already starting to see brighter days ahead. I'm proud to have played a small part down here; it's a true privilege to listen to you, work with you, and build a brighter future for all the incredible people up and down the roads that connect our big small town. Mary and I wish you a happy, and safe 2023.

Best Regards,

ANGUS S. KING, JR.  
United States Senator

**Jared Golden**  
Congress of the United States  
2nd District of Maine

Dear Friends,

I hope this letter finds you safe and well. It's an honor to continue serving as your representative in Congress, and I take the responsibility very seriously. I appreciate the opportunity to update you on what I've been working on behalf of the people of the Second Congressional District.

In August, I voted for the *Inflation Reduction Act* because it represented a dramatic turnaround from misguided efforts to pass sweeping, ill-designed legislation that tried to accomplish too many things through budget gimmicks, setting up problematic fiscal cliffs in numerous programs and refusing to make the difficult decisions to allow for a fiscally responsible bill.

The *Inflation Reduction Act*, which was signed into law by the president, was fiscally responsible and targeted four key priorities: reducing our national debt and putting our country back on a more sustainable path, lowering the cost of prescription drugs, and making health care more affordable, investing in an all-of-the-above energy strategy to significantly increase oil, gas, and renewable energy production to lower energy costs for Americans, and cracking down on the tax avoidance of billion-dollar multinational corporations. This bill was the first major legislation in the last decade to use the reconciliation process to create a fiscally responsible budget to reduce deficits. The Congressional Budget Office estimated it would reduce deficits by approximately \$300 billion.

As a member of the House Armed Services Committee, I also helped pass the Fiscal Year 2023 National Defense Authorization Act, which among other things, included key wins for Bath shipbuilders, UMaine, and servicemembers and their families. For shipbuilders, the bill secured authorization for a third DDG-51 destroyer; established a new contract for up to 15 DDG-51 destroyers over the next five years, many of which will be built at Bath Iron Works; and included funding for shipyard infrastructure. The bill also authorized over \$25 million for defense research programs, including UMaine's large-scale manufacturing program. Finally, the bill authorized a 4.6% pay increase to help servicemembers and their families deal with rising costs due to inflation.

Additionally, at the end of 2022, Congress passed a spending bill to fund the government through September of 2023. The bill funds nearly \$27 million in funding for community projects across the Second Congressional District, a lifeline for our lobster industry that freezes any regulatory action for at least six years, and secures millions in additional funding for the Low Income Housing Energy Assistance Program (LIHEAP) to help Mainers heat their homes.

Regardless of the year, one of my top priorities is ensuring I'm accessible to you. My staff and I can help answer questions about and navigate federal programs; find resources in Maine; and resolve issues with Medicare, Social Security, the VA, and other federal agencies and programs. We are here to help:

I look forward to building on momentum from recent legislative wins for Mainers and continuing to work on your behalf in 2023. Do not hesitate to reach out and voice an opinion on legislation, let us know about local events, or seek assistance navigating federal agencies or programs. It's an honor to represent you in Congress, and I wish you a healthy and prosperous year to come.

Respectfully,

Jared F. Golden  
Member of Congress

Dear Friends and Neighbors:

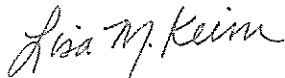

Thank you for the opportunity to serve as your State Senator. I am humbled by the trust you have placed in me to be a voice for you, your family, and our community in Augusta. I continue to work tirelessly on your behalf.

Many of you have reached out regarding the increasing costs we face, as well as the countless ways the pandemic has impacted every aspect of your life. As your State Senator, I have advocated for policies that would improve life for Mainers during this trying time. In the 131<sup>st</sup> Legislature, my goal is to promote policies that empower people to build to a better future; in this era of diminishing personal liberty, restrictive regulations, and soaring costs, common sense solutions have never been more essential.

The pandemic has brought us many challenges, however, some beneficial changes will become permanent, such as the use of technology to allow persons from all over our state interactive access to their government. Online access makes it easier for you to share your perspectives with the State Legislature. I strongly encourage you to engage; we need to hear from real people in the public hearing process.

Again, thank you for electing me to serve you in the State Senate. Please do not hesitate to reach out with your comments or questions, or if you would like assistance in navigating our state's bureaucracy. I look forward to hearing from you!

Sincerely,

Lisa Keim  
Senator, Maine State District 18
