ATTACH A SITE PLAN: drawn to scale with north arrow

- Show property boundaries,
- Show dimensions of the lot.
- Show dimensions and location of existing and/or proposed development on the site.
- Show areas to be cut and filled.

- For new construction of substantial improvement, also include existing grade elevations done by a Professional Land Surveyor, Architect or Engineer.
- For new construction or substantial improvement, attach statement describing in detail how each applicable development standard in Article VI will be met.

**** Certification by a registered professional engineer or architect that floodproofing methods for any non-residential structures will meet the criteria of Article III.G.4; Article VI.G; and other applicable standards in Article VI will be required.**

**** Detailed description must be attached with copies of all applicable notifications and state and federal permits**

THE APPLICANT UNDERSTANDS AND AGREES THAT:

- The permit applied for, if granted, is issued on the representations made herein;
- Any permit issued may be revoked because of any breach of representation;
- Once a permit is revoked all work shall cease until permit is reissued or a new permit is issued;
- Any permit issued on this application will not grant any right or privilege to elect any structure or use any premises described for any purposes or in any manner prohibited by the ordinances, codes or regulations of the municipality.
- The applicant hereby gives consent to the Code Enforcement Officer to enter the premises and inspect development covered under the provisions for the Floodplain Ordinance;
- If issued the permit form will be posted in a conspicuous place on the premises in plain view and;
- If issued, the permit will expire if no work is commenced within 180 days of issuance.

I hereby certify that all the statements in, and the attachments to this application are a true description of the existing property and the proposed development project.
